

My Career and Academic Plan Professional Development Series

Registration is now open for My Career and Academic Plan (MyCAP) Professional Development Series. The three-workshop series is designed for small teams of four high school staff led by counselors and including teachers and administrators. Teams will design and implement high quality college and career advising (CCA) in combination with a process for individual, student-driven academic and career planning (MyCAP). The resulting CCA framework will clearly integrate the three domains of college and career readiness - Academic, Personal/Social/Emotional, and Workplace Readiness - to ensure student success in high school, in a postsecondary pathway and in life.

- **Workshop 1: MyCAP Basics** November 5, 2020, 1pm-3pm ([Connect](#))
 - Learn the design characteristics of effective CCA and MyCAP programs
 - Review data tools to help with student analysis
 - Map current advising program and identify assets and gaps
- **Workshop 2: Developing the Framework** January 7, 2021 1pm-3pm ([Connect](#))
 - Focus on the specifics of a comprehensive grade level scope and sequence of CCA and MyCAP ensuring every domain is attended to every year
 - Incorporate the three stages of career development education – awareness, exploration and immersion – ensuring all students have access to experiential learning
 - Explore the capacity of your district/school’s online college and career advising system
- **Workshop 3: Putting It All Together** February 4, 2021 1pm-3pm ([Connect](#))
 - Create a plan for successful implementation of your CCA and MyCAP program
 - Develop a range of communication materials to explain your new program’s value to multiple stakeholders
 - Learn how to evaluate the quality and impact of your program, and sustain it over
