

December 15, 2020 Check-In Chat Transcript

09:00:52 From Steve Prudent : higher Ed getting the tracker?

09:01:00 From Steve Prudent : did I miss?

09:01:17 From Steve Prudent : ok

09:01:18 From Dan Riley : Quick question about AP data

09:05:36 From Dan Riley : Thank you!

09:06:44 From Dan Riley : Follow-up question if that's okay

09:06:58 From Anne McKenzie : Kristen I have a question regarding what you just said about students being coded for their entire HS experience.

09:08:16 From Leslie Weckesser : I may have missed - where are the projections found?

09:08:43 From Dan Riley : We are a schoolwide program. How would you recommend we reflect that in SIMS? Should we be more conservative and only put current ECHS students that are taking college courses into SIMS?

09:10:02 From Michelle Sylvaria : Some of is were waiting in the link on our calendars...

09:10:15 From Michelle Sylvaria : Apparently there are two links for today

09:10:56 From Joseph Goins : Michelle, I will double check the links with Zoom

09:11:20 From Michelle Sylvaria : We were sent a calendar invite for today and also you emailed us yesterday...

09:14:55 From Joseph Goins To Michelle Sylvaria(private) : I see the error now,

09:20:11 From Michelle Sylvaria : I'm wondering whether an FAQ can be created...a lot of this information seems to sit with individuals and has not been operationalized with EOE and DESE

09:21:09 From Joseph Goins : Michelle, we can make a transcript from this zoom and turn it into an FAQ. Good idea!

09:21:32 From Leslie Weckesser : Thank you that would be helpful Joe

09:24:29 From Steve Prudent : hi Kristin my email domain changed a while back. it was forwarding to the new one, but I think it finally stopped.

09:24:47 From Steve Prudent : new one: swpruden@bhcc.edu

09:28:29 From Susan Curry : That's the approach we take at NSCC Christina. Although we allow Designated students to take a course, if their schedule permits, we track separately.

09:29:22 From Andrew Goodwin : On the enrollment tracker there is no place to project Summer 2021 enrollments and credits. How will credit information for the Early College reimbursement be collected for Summer 2021?

09:32:25 From Andrew Goodwin : thank you

09:32:39 From Michelle Sylvaria : We look at it as a reverse equity issue...some students have barriers to participation during the school year and the summer allows them to be part of the pathway

09:37:29 From Peggy Fallon : Will we receive an email with all of this information? Info regarding the change from high school to college disbursement (why did this change, coding)?

09:41:58 From Joseph Goins : Our next ECP check-in will be January 12th. We have posted the registration link on the <http://www.maearlycollege.com/>

Once you register, you should be registered you for all of the check-ins for 2021 and a link will be provided for you to add to your calendar.

We will be planning our virtual Professional Development programs for the spring by the end of the year. Look for our announcement in early January

Finally, we are planning a spring convening and will be providing guidance and information in early spring as well.

09:42:14 From Michelle Sylvaria : Everyone needs that same information about summer courses being reported in fall.

09:44:18 From Mary Meade-Montaque : Thank you Kristen we appreciate what you are doing to align with all DESE departments

09:49:49 From Andrew Goodwin : thank you
